

Target Audience: The 2018 Cardiology Update is a one-day course designed for physicians, nurses and medical staff for review and update on current topics in cardiology.

2018 **CARDIOLOGY**
 **UPDATE**

GRANDVIEW MEDICAL CENTER
BIRMINGHAM, ALABAMA

Friday, October 26, 2018

Sponsored by:

**Alabama
Cardiovascular
Group**

AN AFFILIATE OF GRANDVIEW HEALTH

2018 LEARNING OBJECTIVES

- Review new AHA and ACC guidelines for hypertension management.
- Understand which diabetes medicines effect cardiac mortality.
- Review variation in so called heart healthy diets and over the counter medications.
- Recognize new concerns in the management and prevention of SBE.
- Review the growing field of cardio-oncology.
- Understand the newer treatments in the management of hypertrophic cardiomyopathy – medical vs. ablation vs. surgical therapy.
- Learn about the newer interventions in the treatment of DVT and PTE with emphasis on central venous disease.
- Review options of dx and Rx of PAD with the intent of avoiding limb amputations.
- Discuss medical vs. PCI vs. surgical options in complex and high risk CAD .
- Review which patients with AFib should be managed medically vs. ablation procedures, which should be anti-coagulated vs. Watchman device.
- Update on Cardiac CT and MRI – is diagnostic coronary angiography becoming obsolete?
- Update on CV surgical indications and techniques.
- Review of evolution to guideline and EMR driven cardiology care. Where are we headed?

COURSE CREDITS
